Please note that the fob prices quoted in this report are representative of 4,000 tonne coaster vessels. Previously we have report prices on the basis of 2,500 tonne vessels, however in discussions with key stakeholders in the grain trade we are aware that this vessel size is not representative of the UK export market and the 2,500 tonne annotation was misrepresenting the prices being published. As such, we have changed our pricing tables & database to reflect the more relevant 4,000 tonne vessel size. This change has been backdated to all prices quoted for January 2019 onwards and we will continue to report on this basis from here on.
